## **SAVE your family's unique & priceless stories!**

Professional, in-depth Oral History Interviews by Ellie Kahn, oral historian, journalist and award-winning documentary filmmaker.

*"My parents loved being interviewed by you, and we treasure the book and video. Your 35 years of experience certainly are evident! I learned so much about them and our family history that I didn't know. And, with Mom's sudden illness, I'm so glad that we didn't wait. Thank you so much!" — Diana Miller*
